

Determining Your Home Preferences

Please take a moment to complete this Home Preference Worksheet. The more we know about your preferences, needs and priorities, the better we will be able to focus our search on properties that most closely match your criteria.

Remember, unless you build your dream home from the ground up, there are often compromises involved in deciding whether or not you will be satisfied with a given property.

HOME PREFERENCE WORKSHEET

- 1 | No importance
- 2 | Minimal importance
- 3 | Somewhat important
